

SHIPSTON HOME NURSING

Serving Shipston-On-Stour, Wellesbourne, Kineton and the surrounding area

Palliative and end-of-life nursing care for people in our community and support for their families and carers.

OUR CARE

Shipston Home Nursing provides 'hospice care at home' for patients and their families facing incurable illnesses. This means we care for people who want to stay at home in the last weeks or days of their lives. Our nurses and healthcare assistants provide palliative care, symptom control, personal care and respite visits. We offer emotional support to families and carers too.

All our care is provided FREE of charge and our Nursing Service operates 24 hours a day, 365 days a year. We offer this support to people living within the areas marked on this map, or who are patients of our partner GP's.

EXECUTIVE DIRECTOR'S REPORT

Our patient numbers continue to grow with 167 patients and families cared for in 2024 through our Hospice at Home Service and a further 29 through our Bereavement and Counselling Services.

During 2024 we met and began care for 102 new patients all of whom had been diagnosed with illnesses which were incurable and no longer responding to treatment. Our aim is to introduce ourselves to all patients, assess their needs and agree an initial plan of care within 24 hours of the patient being referred to us for support. The care we provide is very much based on the nature of the patient's illness and we always consider what the patient wants and how their family wish to help support their ongoing care.

We are often asked to describe exactly what a Hospice at Home Service does. It's a difficult question as our care is specific to each individual patient. However we can broadly describe what we do as, Nursing Care and Symptom Control, Personal Care, Night Care, Respite Support, Emotional Support, Pre and Post Bereavement Support, Liaison, Advice and Signposting with all other stakeholders as part of a multi-disciplinary approach to caring for the whole family.

The notion of end of life care at home can understandably be daunting and we acknowledge that this is not a service that is suitable for everyone. It is dependent on the nature and severity of illnesses alongside the available family support structure. Of the patients we care for, around 85% achieve their ambition of being nursed

2024 at a glance

We supported 167 patients and their families, with 102 new referrals

Our nurses travelled 24,384 miles to visit patients and families, with over 440 travel hours

We scheduled over 16,334 nursing and care hours

We supported six GP surgeries with over 46,000 patients

182 supporters generously donated £48,284 through our regular donation programme

With the help of our fantastic volunteers, we raised over £80,000 as a result of community events

We enhanced our Bereavement Counselling service by offering bereavement support to others in our community and including pre-bereavement support

full term at home with hospice or hospital inpatient units or nursing home care being other options if needed. End of life care at home provides familiarity, flexibility and can be managed safely, with patients supported by our 24 hour helpline. Our helpline is managed by one of our own Nurse Coordinators who will provide advice and, if required, visit patients whatever time of the day or night it happens to be. I recognise that contacting a hospice is a brave step but I would encourage anybody facing the need for the type of care we provide to telephone us for a 'gentle' conversation.

Through our fundraising efforts and the generous support we receive from donors and grant making bodies, we are still financially healthy and finished our 2023-24 financial year with an operational loss of £28,538 and a positive net income of £30,938 after accounting for gains and losses on fixed asset investments.

Our patient facing, fundraising

and operations teams continue to work tirelessly to maintain and improve the high standards we want to be recognised for. As always, my thanks go to them for their efforts and dedication. Similarly, without our loyal groups of volunteers, trustees, donors, personal and business supporters, our future would be bleak. My thanks also go to you all.

Andrew Revell, Executive Director

MESSAGE FROM OUR CHAIR

It has been another fantastic year for the charity. Our nurses and healthcare assistants have worked day and night to provide end of life care in the homes of our patients and the feedback from patients and their relatives should make us all proud to be a part of Shipston Home Nursing's journey.

In addition to this frontline care, our amazing office-based team have continued to safeguard and run the charity through what is a turbulent time for all charities, ensuring we remain well led and continue to raise essential funds.

Finally, we cannot deliver the services we do without the ongoing support of our volunteers, supporters and my fellow trustees and for this I am truly grateful. Thank you for your ongoing support.

David Morris, Chair of Shipston Home Nursing

NURSE MANAGER'S REPORT

The nursing team continues to grow with nurses selected for their caring, professional qualities with a special interest in end of life care.

We're incredibly lucky to have an exceptional nursing team who work tirelessly to provide the best possible nursing care at home. We do our utmost to meet the needs and wishes of patients and families, ensuring essential support and care is available to them.

Our collaboration with SHWP (Stour Health and Wellbeing Partnership) continues with the Warm Hub. On the last Thursday of each month, you'll find us at the Scout Hut in Shipston, ready to welcome anyone who would like to join us for soup, support and friendly conversation.

We continue to provide bereavement support to the loved ones of our patients and the wider community. Please contact us via the website if this service might be beneficial to you or someone you know.

I would like to take this opportunity to thank all our supporters. Without your generosity it would be impossible for us to fulfil our vision of ensuring every adult in our community has access to free, high quality end of life care at home.

Gemma Roberts, Head of Nursing Services

MARGARET'S STORY

Margaret Lowndes was born on the 21st March 1944. She had a zest for life and travel and, along with Alan, her husband of over 50 years, they had three wonderful children of whom she was immensely proud. Margaret lived with her daughter Alison, husband Paul and her beautiful grandchildren Sophie and Harry. This is her story, as told by her daughter, Alison. We are very grateful to Alison for sharing this with us.

"Mum had Chronic Obstructive Pulmonary Disease. During a routine check-up, they found a shadow on her lung. She was immediately booked in for surgery and spent Christmas 2022 in hospital recovering. After being given the all-clear in April 2023, we went on a girl's trip to Spain where she admitted to discovering a lump. Several tests later, it was confirmed the lump was cancerous.

Just before Christmas 2023, mum started to become unwell, and she was admitted to hospital for the second Christmas in a row. The tumour was underneath her right armpit and needed regular dressing by the district nursing team. Unfortunately, after many emergency visits to hospital, mum was unable to return home as she needed more specialist and around the clock care. The hospital wanted to discharge her, but I knew we needed some help, and that

is when we were introduced to Shipston Home Nursing.

Initially, mum wasn't sure whether she needed their care. However, it soon became clear that the Shipston Home Nursing nurses ('angels on wheels' as we referred to them) were absolutely what she needed. The nurses arrived promptly, always well-presented and with a friendly smile. They offered advice and care to my mum who was extremely poorly and vulnerable. They brightened our days with their cheery nature and gave such strength in our hours of need. Unfortunately, mum's tumour continued to grow, and she experienced a catastrophic bleed. She was rushed into hospital and, from there, to Myton Hospice in Warwick so that her symptoms could be managed in a specialist clinical environment. I was becoming mum's carer and knew we wouldn't have long left with her. I wanted to become her daughter again. She died on 7th May 2024.

I would like to thank Shipston Home Nursing for taking care of mum and for their amazing support in our darkest months. Until you're in the

position of watching a loved one go through a terrible time, you don't realise how special the Shipston Home Nursing team are. We live our lives without thinking about the important role they have day in day out and the lasting effect they leave on you. We will be forever grateful for their total love, care and absolute dedication to client care and consideration.

We ran the Shipston Home Nursing 10K last September at Walton Hall and are continuing our running and training towards keeping fit and healthy and another 10K later this year. We will continue to support their amazing work.

Thank you, Shipston Home Nursing team, for looking after my incredible Mum – Margaret Mary Lowndes – forever in our hearts and missed terribly xxx"

Sponsor our Nurses

Our nurses and healthcare assistants are at the heart of our hospice at home service.

Can you support our work and give a regular gift to sponsor our nurses? For as little as £5 or £10 a month over a year - less than the cost of your weekly takeaway coffee - you could cover the cost of a respite visit.

For further information please visit: www.shipstonhomenursing.co.uk/sponsor-our-nurses

TRUSTS AND GRANTS

Trusts and grants income plays a vital role in helping us provide our hospice at home service. With the generous support of foundations and grant-making organisations, we are able to help those in need of our care.

The trusts and grants fundraising landscape is particularly tough at present but we continue to complete applications and are very grateful to the organisations who choose to give to our charity. This year, we have been fortunate to meet some of the people involved in various trusts and it was interesting to hear about their work and why they chose our charity over other applicants. We also wish to express gratitude to the Parish Councils locally who donate to Shipston Home Nursing. If you know of any trusts or grant-making organisations who would support Shipston Home Nursing, please contact me jo.sweby@shipstonhomenursing.co.uk

Jo Sweby, Head of Trusts and Grants Fundraising

FUNDRAISING

2024 was another busy year for the fundraising team. We started our year of events with a Pop Up Shop at Ilmington Village Hall and ended on a high with carols at Holy Trinity church in Stratford upon Avon. The months in between saw plant sales, golf days, more pop ups and our 10k at Walton Hall, to name just a few. We love the variety of the events calendar and we're enormously grateful for the support of our wonderful volunteers who make everything possible.

As always, we are fortunate to be supported by a number of fundraisers within our community, from marathon runners to the exceptional team who organised 'Jazz on the Lawn' in Barton on the Heath in September. As donations reach us through so many different channels, it is almost impossible to list all our supporters by name. We thank all our regular givers, one-off donors, community supporters, trusts, parish councils, fundraisers and those who leave legacies in their wills.

Financially, we are 94% self-funded, so raising funds and increasing awareness of the charity continues to be vitally important. 2024 saw the launch of our 'Sponsor Our Nurses' campaign which we hope will continue to grow in 2025. We remain committed to ensuring that every adult within our community has access to free, high quality, end of life care at home. Please do spread the word, helping us to let those who might need us know we are here. Thank you.

Kate Bamford, Head of Fundraising & Communications

LETTERS TO HEAVEN

In October we installed our 'Letters to Heaven' post box in the gyrotory garden in Shipston on Stour. It offers an opportunity for people to post letters, cards and messages to those they have lost. Our post box is available to anyone who feels they might benefit from it. Letters will never be opened or read. They will be composted and the compost will be used in the memorial garden.

Thank you to Shipston Town Council, Royal British Legion Shipston on Stour and Stour Valley Lions Club for enabling us to locate the post box in the gyrotory garden and to Stourvale Action for the Environment who are assisting us with the composting of the letters.

Our grateful thanks also go to Simon Healey Paddocks & Grounds for his support with the installation.

100 CLUB REPORT

Thank you to everyone who has joined our 100 Club, helping raise valuable funds for us over the year.

Our 100 Club is a simple way of supporting the charity. Each month we draw a number from all those registered and the owner of that number receives half the prize pot, with the other half going to Shipston Home Nursing. We've sold over 100 numbers now and the prize pot keeps growing. It costs just £2 a month per number to play and you can pay by standing order. To sign up scan the QR code here, or contact Allison at fundraising@shipstonhomenursing.co.uk

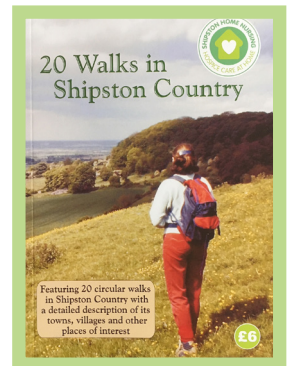

MERCHANDISE & WALK BOOKS

Thank you to everyone who joined our SHN walks this year and to all pubs and shops who stock our '20 Walks in Shipston County' book. Special thanks go to Elizabeth, Richard and John for organising the monthly walks.

We continue to sell our wonderful candles and will shortly have some new fragrances. Candles are made with naturally sourced soya and rapeseed oil wax blend, with high quality perfume oils.

If you are interested in purchasing a walk book or candle, you'll see them at most of our events, alternatively you can email us directly at fundraising@shipstonhomenursing.co.uk

Thankfully on the rescheduled date the weather held and 170 people crossed the start line, raising £10,533! November saw another wonderful Moda Rosa Designer sale in Darlingscott with rails of beautiful clothes. We raised £315 on the door and Moda Rosa so generously donate 10% of their sales to us, which resulted in a donation of £1,307. Our thanks to Moda Rosa and to Maggie and John Sargent for hosting us.

We were back at Ettington Community Centre with a great selection of stalls including some new faces. As always, we are so grateful to the amazing volunteers who come along to help us set up, marshal the car park, run the kitchen, bake cakes, sell plants and everything in between! We made it on to the BBC over Christmas with supporter Val Garland taking part in Celebrity Mastermind and naming us as her chosen charity. Thank you Val.

Carols, cars and a great café... a winning combination! We were so grateful to REVS car club and Gilks' Garage Café in Kineton who hosted 'Carols by Carlight' on Sunday 1st December, with proceeds to Shipston Home Nursing. What a great start to the festive month.

2024 EVENTS RUNDOWN
